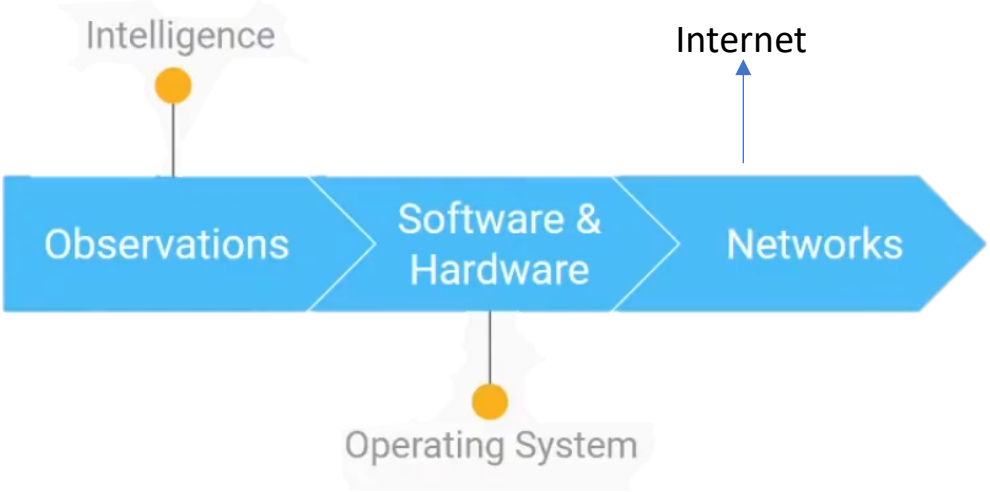
Agenda



Observations

Very Important Skill

Observation

Observe very carefully

Identify the **patterns** and **ask questions**

Very Important Skill

Observation

If you are asking questions,

it shows that you're **curious.**

Only curious minds will learn

Very Important Skill

Observation

Curiosity

is the basis

of human **intelligence**

Very Important Skill

Observation

- Spoon slipped from the table and fell on the floor
- Glass slipped from your hands and fell on the floor

Pattern:

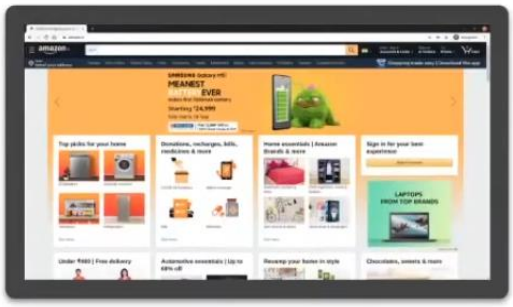
All the objects fall on the ground when they're released

Hardware & Software

Questions

Observations

- When you enter amazon.in
  how does Amazon company know that
  we're interested in opening their website ?
- How does it send the information
  to our computer/mobile?
- Where are the content of the website and
  all the items on the web page stored?



Essential Question

Software vs Hardware

Versions

Software

Various Versions of a Software

Instructions to the Computer

Software

Software is a set of instructions to the hardware

Boss of the Computer

Operating System

Operating System
is the main software
that makes other softwares
work with the hardware

Interface

Operating System

Operating System is an
interface between
hardware and **software**

Operating System

Different OSs

Computer Operating Systems

Windows 10 Ubuntu Mac OSX

Mobile Operating Systems

android 11 iOS 13

Network

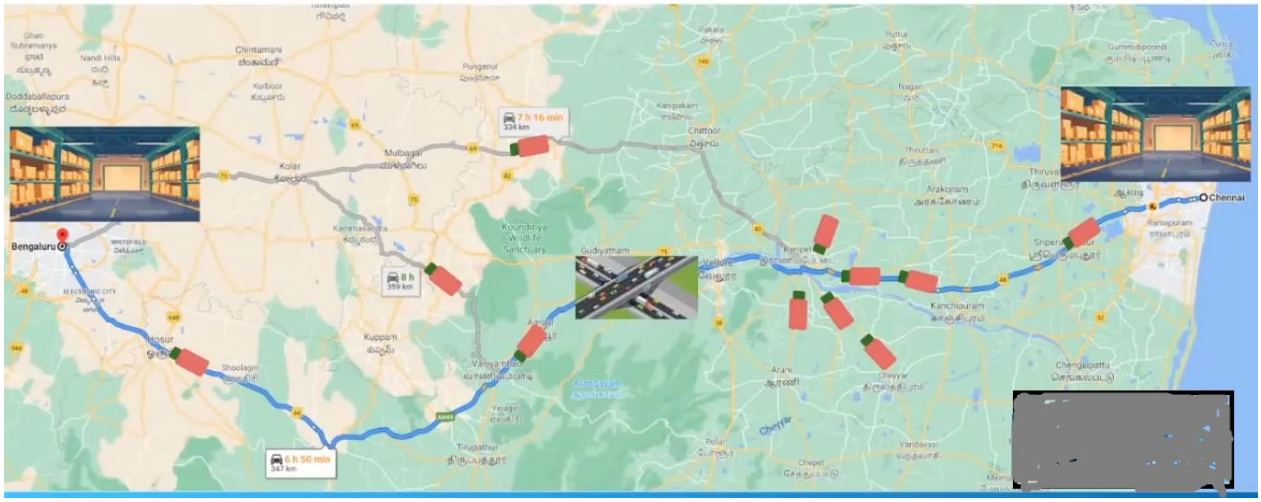
Internet

Internet

Computer network that **interconnects** billions of computing devices throughout the world

Similarity

Internet and Roads



Similarity

Internet & Roads

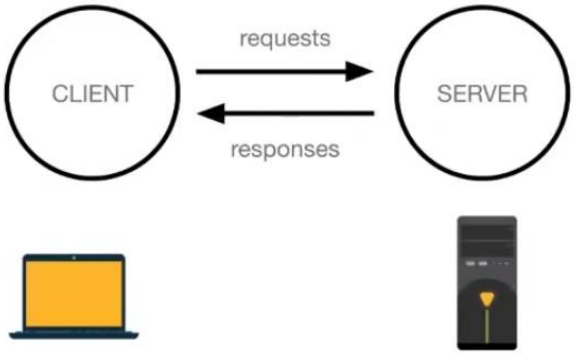
Cargo Scenario	Network Scenar
Cargo	Data
Trucks	Packets
Entire cargo can't be sent in single truck	Entire data can't be transferred in single packet
Junctions	Routers
Roads	Routes
Multiple paths	Multiple routes
Traffic	Traffic (congestion)

Internet

Clients & Servers

Clients

One that requests



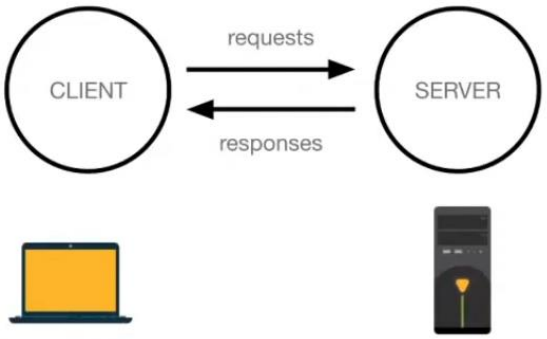
Internet

Clients & Servers

Servers

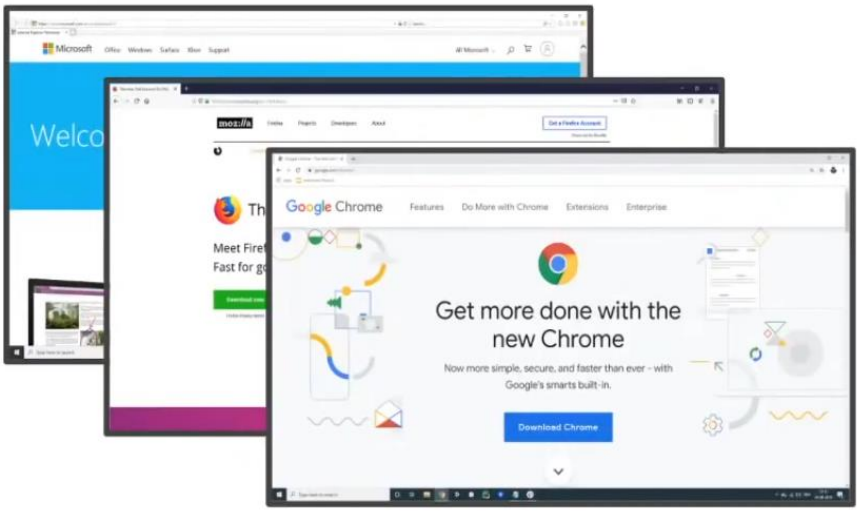
One that responds to requests

Exchange of Information between Client and Server happens over the Network



Software

Internet Browsers



chrome

Safari

Edge

Browsers allow users to search for and access vast amounts of information on the internet.

Introduction to Tech

Takeaways

Intelligence

- Observation
- Asking Questions
- Curiosity

Introduction to Tech

Takeaways

Technical words in today's session:

- Hardware, Software & Versions
- Operating System
- Networks
- Internet, Client & Server
- Internet Browser
